PETITIONER'S COMMENTS

Please accept these comments as restated below from
Proponents original petition.

DISCUSSION

Petitioner respectfully submits that the public
interest would be served by allocating Channel 291A to
Dilley, Texas as that community's third competing FM
service.¹ Dilley is an incorporated community with a
population of 3,674 people.² Dilley has its own mayor, its
own schools, fire department, police department, post
office and a number of local churches. Dilley is a
community that is certainly deserving of a third competing

¹ Stations KVWG 95.3 FM & KLMO 98.9 FM are licensed to Dilley.
Additionally, the vacant allotment, Channel 229A is assigned to Dilley,
Texas.

² U.S. Census 2000

FM service. "Local radio stations play an important role in their communities, providing local news, information and entertainment to residents, and generally serving as good corporate citizens in the local community life. This is particularly true in smaller towns where the radio stations are limited in number. Yet there are still rural areas of our country that do not have even a local radio station."³ The proposed channel 291A will provide additional diversity and an outlet for local self-expression to Dilley residents and therefore is in the public interest.

Should this petition be granted and Channel 291A is allotted to Dilley, Texas, Petitioner will apply for Channel 291A at Dilley and after it is authorized, will promptly construct the new facility. Furthermore, should the Commission authorize Channel 291A at Dilley, Texas, and eventually proceed to auction, I hereby certify that it is my full intention to apply to participate in that auction of Channel 291A allotment at Dilley specified in my petition and also specified in my Form 301 for this Channel which I have filed electronically simultaneous with this Petition for Rule Making.

The factual information provided in these Petitioner's
